### ADDENDUM NO. 3

Invitation for Bids No. 32231R

PVD Canopy Drainage Repairs and ADA Modifications

Rhode Island T. F. Green International Airport

1. Section 00100 Information to Bidders, XI Contractor Qualification, A., paragraph 1 states *“Evidence of competency consisting of statements covering the Bidder's past experience on similar work of the most applicable projects within the last five years listed in the Contractor Qualification Form, the Contractor shall provide evidence of project experience (through self-performance or subcontractor-performance) for a minimum of two airfield construction projects (including FAA P-403 paving). In addition, show experience of (through self-performance or subcontractor performance) for a minimum of three projects including airfield electrical and/or FAA navigational aids. Experience shall include installation of components similar to those specified in the Contract documents herein and references for at least two of the applicable projects provided.”*

Please delete the above paragraph in its entirety and replace with:

**“Evidence of competency consisting of statements covering the Bidder's past experience on similar work of the most applicable projects within the last five years listed in the Contractor Qualification Form, the Contractor shall provide evidence of project experience (through self-performance or subcontractor-performance) for a minimum of three construction projects. Experience shall include installation of components similar to those specified in the Contract documents herein and references for at least two of the applicable projects provided.”**

RIAC would like to remind all prospective bidders/offerors that additional Addendums may be issued by RIAC, at RIAC's sole discretion. As such, RIAC encourages prospective bidders/offerors to visit [www.flyri.com/riac/procurement](http://www.flyri.com/riac/procurement) on a frequent basis.
